Request for access to official documents

9 attached documents

You have requested access to official documents concerning meetings of the D9+ group of EU member states (including Sweden) in regard to the proposed Digital Services Act package. You have specified that the documents should include coordination e-mails, position papers, meeting minutes and all other relevant documents limited to May 2019 and onwards.

The Ministry for Foreign Affairs has identified the official documents that cover your request. The documents contain information which has been deemed classified according to the provisions of Chapter 15, Section 1 of the Public Access to Information and Secrecy act (2009:400) (Swedish: Offentlighets- och sekretesslagen) i.e. the information concerns Sweden's relations with a foreign state. It can be assumed that a disclosure would harm Sweden's international relations or in other ways harm national interests. Classified information has thus been shadowed in the attached files. Some documents cannot be disclosed at all.

Should you request a new assessment regarding the documents concerned, please contact the Ministry for Foreign Affairs at:

ud.registrator@regeringskansliet.se.

Best regards

Magnus Rydén
Deputy Director General
