**Ämne:** EU Digital Markets Act - WTO Issues

Dear Colleagues:

We thought you would be interested in the attached paper that Hamid Mamdouh and I prepared for the Computer & Communications Industry Association concerning the Digital Markets Act (DMA) that is pending in the EU. Our paper discusses the WTO violations arising from the DMA, but just as importantly, it highlights problems the DMA would create for the multilateral trading system and for U.S.-EU relations, just as we are seeing some progress.

We expect this issue to be raised at some level in the context of the EU-U.S. summit next week, so thought you would find the paper helpful in considering reasons to reconsider DMA provisions that target U.S. companies in a manner inconsistent with basic WTO rules.

We are available to discuss the paper and the DMA with you anytime.

Respectfully yours,

- Daniel
