**Ämne:** DSA discussion Snapchat - letter on DSA co-signed with other digital companies

Dear Berfin,

In preparation to our discussion next week, please find enclosed a letter we co-signed with other companies sharing our ideas about the need for a more proportionate and risk-based approach on VLOPs in the DSA.

We are circulating the letter to major stakeholders in an attempt to raise attention and open up a debate on this important point.

I look forward to further discussing this with you.

Kind regards,

Laura
