Karolina,

Thank you again for taking the time to meet earlier this week. We greatly appreciate your time and attention to this issue.

As promised I have attached our latest policy document for you and your capital. If you have any questions please do let me know.

Otherwise we should keep in touch in particular once the long term legislation has come out.

Have a great day.

Best,
Emily

Dear Ms. Öberg Jarlebring,

I am Emily Slifer, the Senior International Policy Manager at Thorn, a US-based nonprofit organization that builds technology to defend children from sexual abuse and online exploitation. I am contacting you to kindly request a meeting with you as the representative of Sweden to the EU for Justice and Home Affairs coordination.

The purpose of the meeting shall be to exchange ideas and to understand the Swedish perspective on the soon to be disclosed EU Commission's proposal on the fight against Child Sexual Abuses online. At Thorn we are closely following the developments around EU's legislation dedicated at tackling the dissemination of CSAM. We are very appreciative of the commitment and of the proposals put forward by the Council during the negotiations on the temporary derogation. We would like to share with you our understanding on the fight against Child Sexual Abuse and to answer to any question you might

have on our technologies to support the establishment of a workable and efficient long-term legislation in Europe.

I will be in Brussels from the 27th to the 30th of September and I wanted to know whether you or any other member of your team would be available for a brief conversation?

Thank you in advance for your time.

Emily
